

Please join us at our new restaurant that just happens to be located on one of the most beautiful and pristine harbors of the Maine coast.

Our culinary staff starts with only the freshest local ingredients prepared to offer unique dishes not common to your typical waterfront fish house. An ever-changing dinner menu in our main dining room offers comforting and intriguing items to satisfy our clientele's tastes.

Join us in the Burgee Pub & Patio with friends or simply relax and enjoy the view with this menu and your favorite beverages.

Don't let your next event go by without reserving the covered patio for a lobster bake or BBQ. With our docks and moorings it's an ideal environment for sail-a-ways and other yachting events. Just give us a shout on channel 9 and let us know you're headed. Reservations suggested...

Our marina can assist your voyage with launch services, provisions and technical support.

We look forward to many great summers and a lot of smiling faces.

Best Wishes,
Ms. Amanda Sprague & Chef Joseph Yost
